

WHAT MATTERS TO US?

Public Safety

The Town of Capitol Heights should be a place for all of us to live, work and play. Safety is a top priority.

Economic Development

The Town of Capitol Heights has not had any new development in over 30 years. We want and deserve a thriving and vibrant community.

Town Beautification

The Town of Capitol Heights is our home. Taking measures to ensure the community looks friendly, inviting, clean and well-manicured is important.

Community Engagement

The Town of Capitol Heights is a hidden gem, and residents should be proud and excited to participate in a functioning and cohesive space that's been created with them in mind.

Seniors and Youth

The Town of Capitol Heights must be a place for everyone regardless of age, race, and background. Forgetting our most vulnerable populations is not an option.

Our team offers natural leadership rooted in honesty, transparency, and a REAL commitment to the needs of our residents.

We seek your vote on May 2nd to deliver this change.
